

Hosted by members of the District 1100 eClub,  
we would like to invite you to a **FREE Autism Awareness Workshop**  
**on Saturday 16th March 2013, 9.30am-3pm**  
**at Uplands School, Swindon**

*Early booking is advised*

**Autism Awareness:**

**Understand It,**

**Make It Happen**

Living with autism can make your world very different.

If others don't understand the puzzle of autism, it can lead to very daunting experiences.

This is a chance for all of us to find out what being affected by Autism feels like, considering how we need to adjust our own behaviours when engaging with people with Autism.

Our Workshop aims to help understanding and explore options to help bring about a more inclusive society.

**Guest speakers**

**Workshops & Discussions**

**Information Market Place**

**Buffet Lunch**

Working in partnership:

Rotarian Lorna Breslin says: *"It would be great if Councillors and community leaders and workers could come along to the Autism Awareness Event, as it is about raising awareness, gaining an understanding, helping to break down barriers and in helping to make communities, businesses, places such as leisure facilities, shops, dentists, doctor surgeries, hairdressers, police stations etc, etc, 'Autism Friendly'. Please do come along so that you can help make a difference;-) Thank You"*
